

# Hosted SharePoint

FSI Cloud SharePoint hosting Services is a powerful platform for building shared document repositories, corporate Intranets, and project-specific websites. There is no hardware or software to manage, and accessible anytime, anywhere through a Web browser. FSI Cloud offers both stand-alone and hosted Exchange-integrated SharePoint solutions.

## Share Documents, Calendars & Ideas with Co-Workers & Partners

Use hosted SharePoint Services to share documents, calendars and ideas with co-workers and partners. Windows SharePoint Services is a platform for increasing team productivity. Businesses of any size can leverage SharePoint for building corporate portals and Intranets, and shared document repositories to increase collaboration within a company, and between a company and its partners, vendors and customers.

With Windows SharePoint Services you can share documents, calendars, contacts, links, ideas and more, without wasting time inefficiently exchanging emails.

## Hosted SharePoint

FSI Cloud enables businesses to quickly realize the benefits of Windows SharePoint services with its hosted solutions. There is no hardware or software to buy, set-up or manage. FSI Cloud sets up and hosts your SharePoint server and performs daily backups of your SharePoint data

## Integrated with Microsoft Exchange

FSI Cloud offers SharePoint Services hosting as a stand-alone solution, as well as integrated with its hosted Microsoft Exchange 2010 solutions. Integrated with MS Exchange and SharePoint solutions enable deeper team collaboration through familiar tools including Microsoft Outlook.

## FEATURES & BENEFITS:

- Document Management and Collaboration
- Project Management within Sharepoint
- Easy Configuration and Management
